

10

Ways to Get Shut Down on LinkedIn

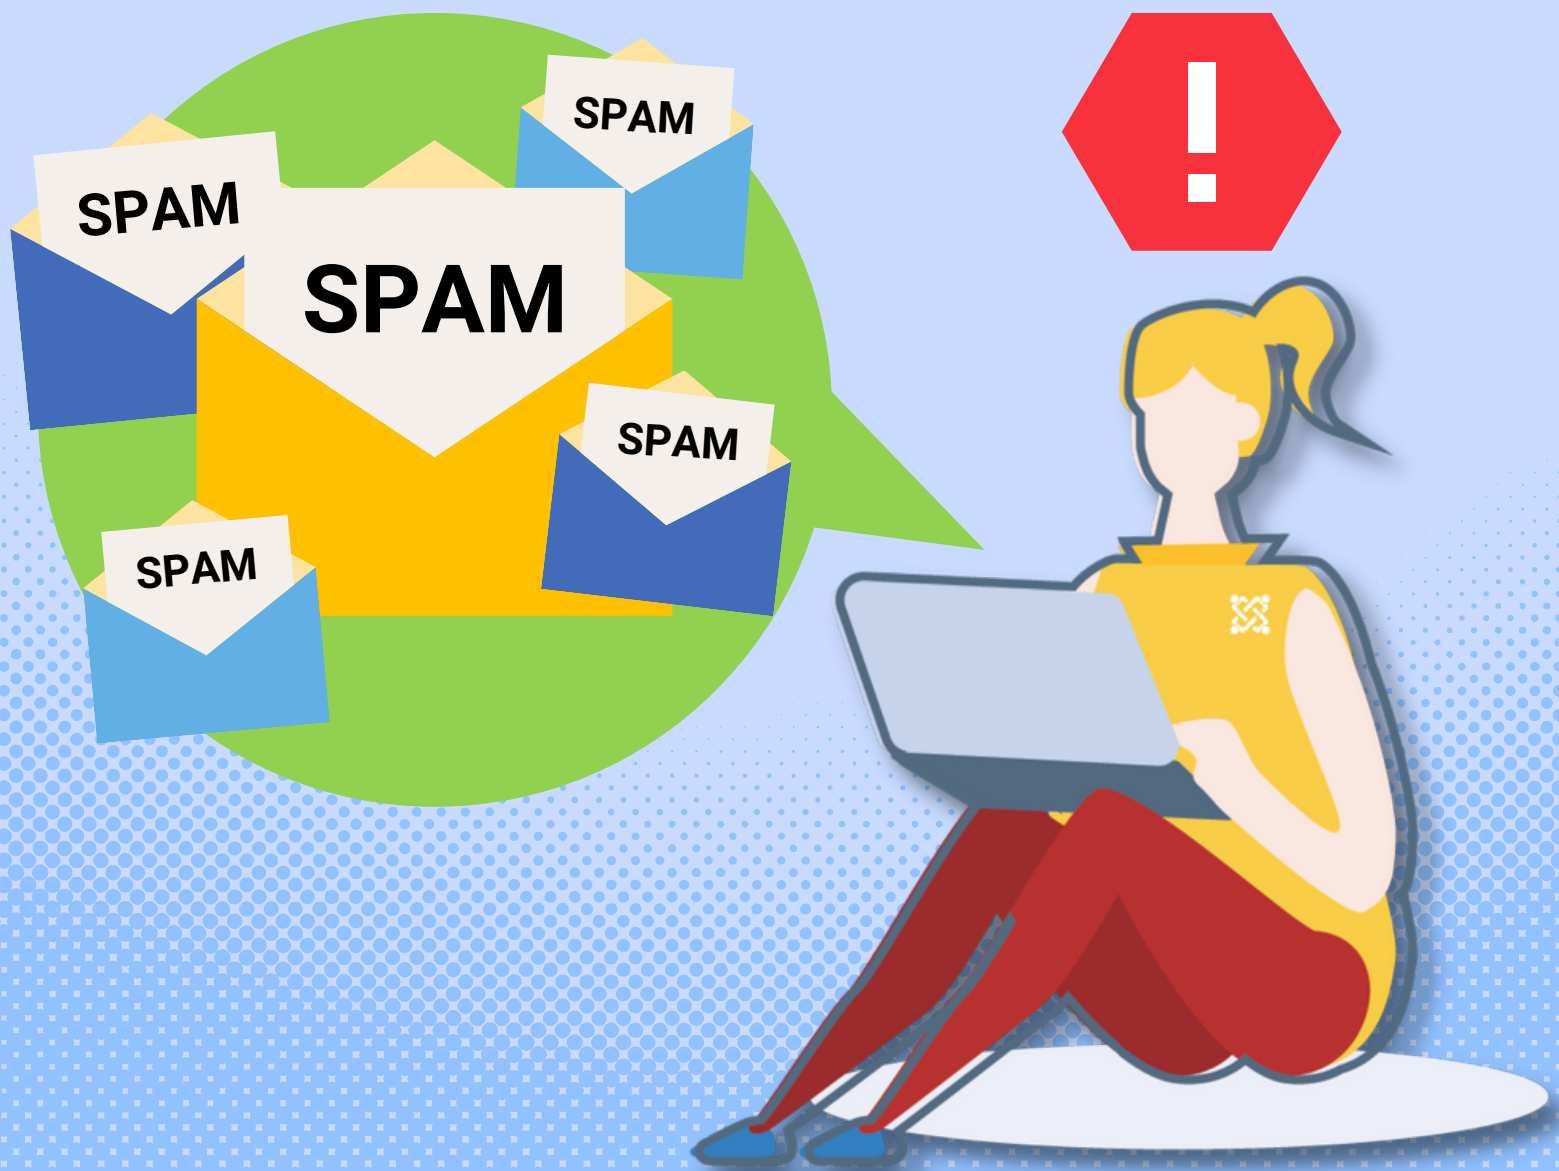

1

People reporting and/or blocking you

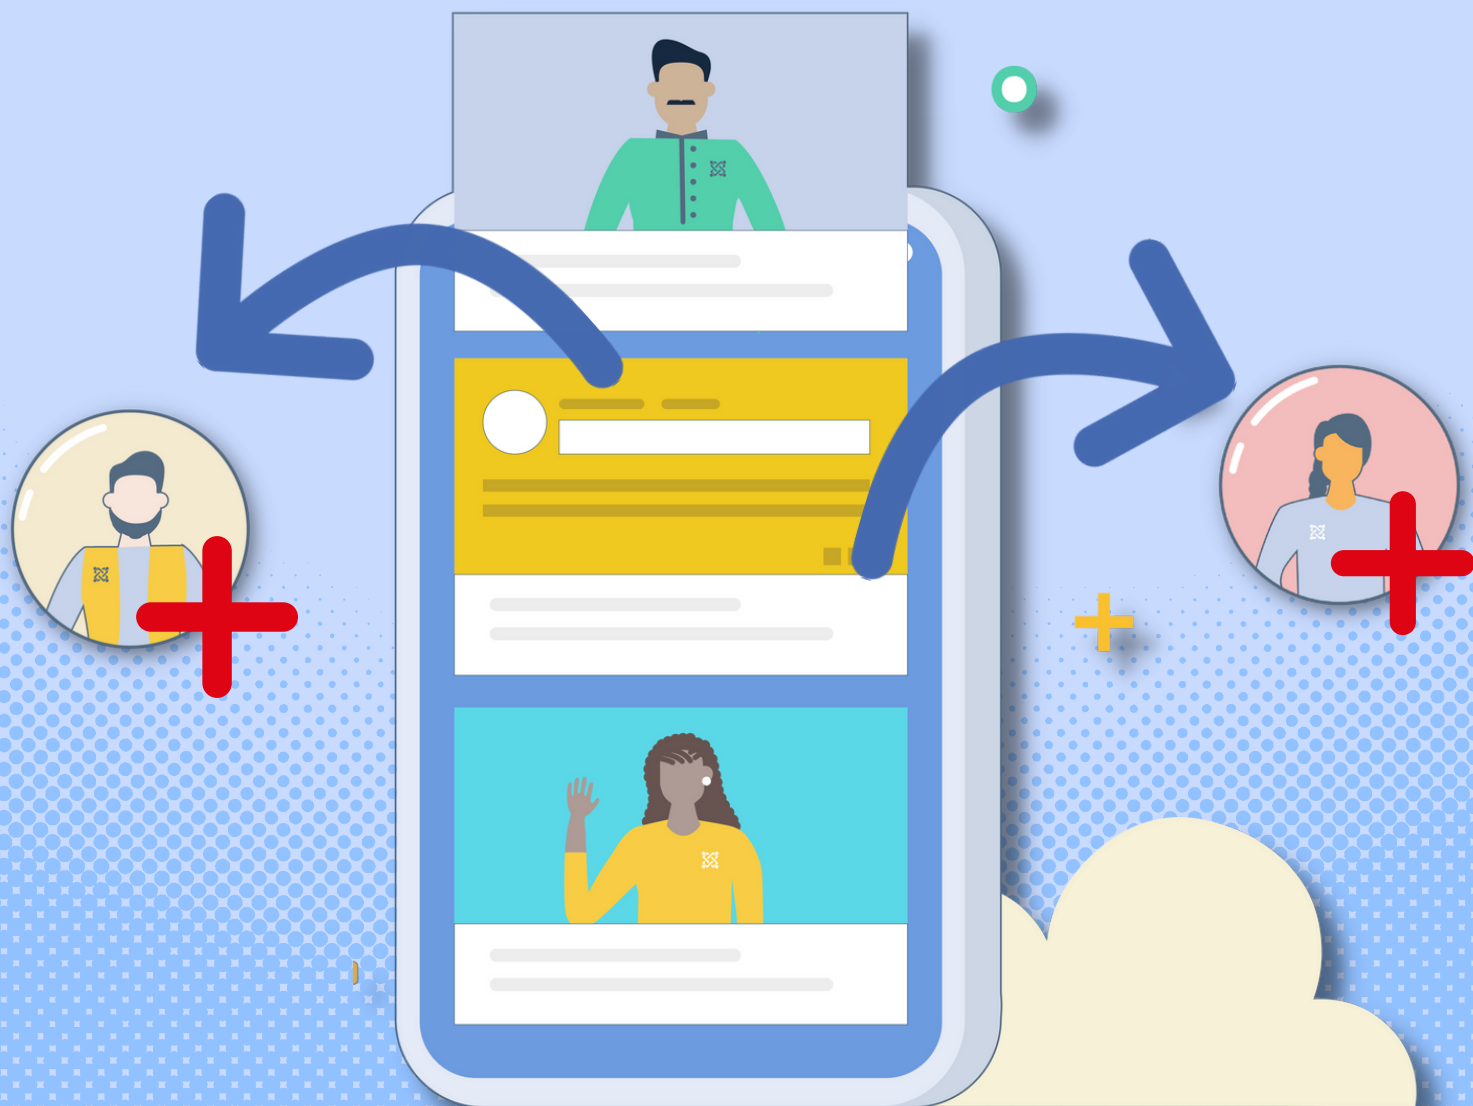

2

Group Spam - Sending one post to many groups and having the content rejected by the Group admins

3

**Too many people
untagging themselves
from your post**

4

People declining your connection request and reporting that they don't know you

has sent you a connection request

Ignore

Accept

5

Fake accounts

6

Miss use of the Name field

HELLO
MY NAME IS

???

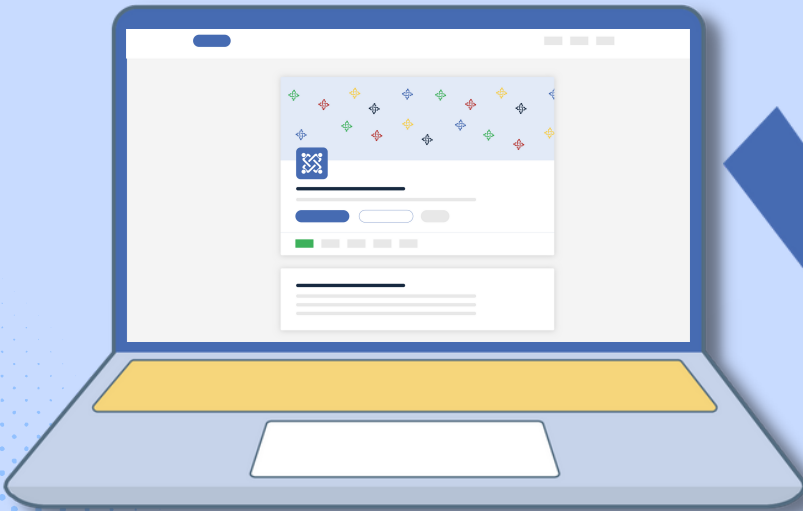

7

Copyright infringement

8

Having a company page set up as an individual's page

9

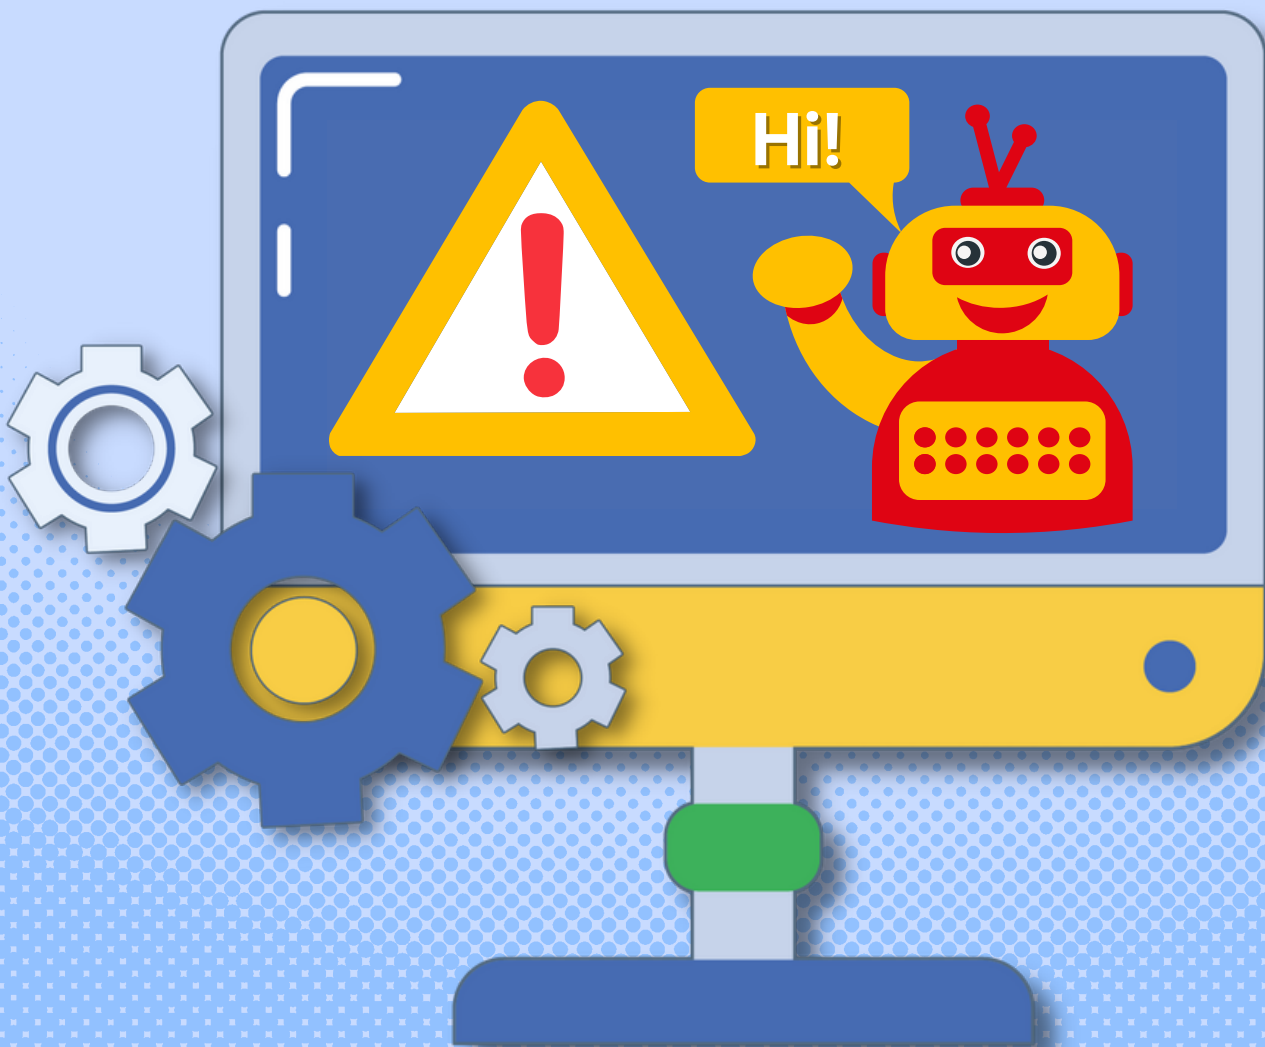

Sharing content that is explicitly offensive

Sensitive Content

10

Using automation
